HOURS + TIMELINE

DAY OF: I leave the arrival times up to our couples, but for all day coverage we always suggest having me arrive towards the end of hair/makeup, with details ready, if desired so we can make sure we get those shots. As we move on for the day, I'll chime in to make sure we are able to capture the subtleties of your day with efficiency. I love candids, but will also direct through the chaos in the moments when necessary. I usually head out about 1-2 hours after guest dancing starts and make sure you're having the time of your life. I always check in before I leave, so don't worry. This is about your love + my goal is to tell your love story // through my photo-journalistic approach.

TEAM

Kaleigh Rae of Kaleigh Rae Photography and Team! We are a team of professional photographers/videographers, who have individually shot hundreds of weddings on our own. For your day, Kaleigh Rae will be present, and if requested, a second team member selected from a team of professional colleagues, creatives and trusted, talented shooters. KRP has been around shooting weddings since 2016!

PRE-WEDDING: We can always set up a few check-ins leading up to the wedding day to go over desired details. I want to get to know you as well as possible so I can do my best to customize your experience to celebrate the unique love you share. I'm always available via email and/or over the phone/text once we're into planning mode! I'll ask things about your style, if you have a theme, color scheme, guest estimate, wedding party details, etc. You don't need to know all of those things by any means, anything just to help us all prepare so I can celebrate with you! Share with me - photos, stories, quirks about your relationship - anything that helps me get to know you + your love story. I can always draft up a sample timeline upon request!
